Send this form with the equipment to:Kamera-Service (phone: +31 79 316 3339) (**business address**)

Mrs Cathy Kuiper

Dorpsstraat 81

2712 AD Zoetermeer

The Netherlands

(do mention yourself as the sender on the outside of the parcel!!!)

We advise you to pack your parcel well; the equipment preferably wrapped in bubble foil within a box with plenty of filling material. We recommended you to send the parcel registered (and insured if desired).

*only for **companies** within the EU.

You can also provide us with your business/at work address (where parcels can be delivered during regular business hours; that can be useful when there's normally nobody at home at your private address in the daytime. Please also mention **business name!)

Note to our clients from outside the EU:

When receiving parcels from outside the EU, Dutch companies have to pay 21% VAT of the declared value (refundable for us, so no problem) plus 12,50 Euros clearance cost. If the stated value is >240 Euros, besides the VAT and clearance costs, we also have to pay 4,5% import taxes. We therefore will not accept parcels with a stated value >240 Euros.
